Orchard-Farm-Garden.

BEHMEIDA GRASS. One of the surest grasses in Mexico for permanent pastures and grounds. Stands the trampling of children and all kinds of tramping stock. The dryer and hotter the weather the better it grows. Cattle eat it readily. Ten pounds of seed to the acre.
ORANGE TREES to be healthy must be on the bitter orange or sweet lemon stock; the sour orange for heavy soils and warm locations, and the bitter orange for lighter soils; when you get from Florida at any time.
WE WILL FURNISH the trees and plant large orchards, replacing the trees that are lost.
IN A FEW YEARS we believe Chinese pears and peaches and Japanese plums will be found in every home. Their fruit is of the best. They are adapted to semi-tropical Mexico.
WRITE US IN TIME when you get your alfalfa seed, so we can get you the Nitro-culture preparation. It greatly increases the crop of alfalfa and the clovers. It will turn to the soil for other crops the nitrogen that is so wanting in Mexico.
DO NOT FORGET the flower seeds. Pansies, Nasturtiums, Sweet Peas. Wallflowers carry a host of kinds do you planted now.
THE AMERICAN FRUIT AND PRODUCE COMPANY.
 San Juan de Letran No. 13, Mexico, D. F.

Financial.

HAVE to loan on good real estate, 3,000 to 5,000 pesos. Third floor No. Centro Mercantil. 10-29

HERALD Club Room.
 The Herald Club Room will seat about sixty people. It is well adapted for day or night meetings with good light and ventilation and entire privacy when desired. The Club Room is vacant for the use of public or charitable organizations. It is available at a nominal rental fee for organizations desiring a comfortable, cheerful meeting place, for stockholders' meetings, lectures in case of limited attendance. The Club Room contains an excellent Steinway piano. The reception room offers a suitable place for small gatherings that would not require the entire club room. 000
