THE DREAM OF SOCIAL EQUALITY.

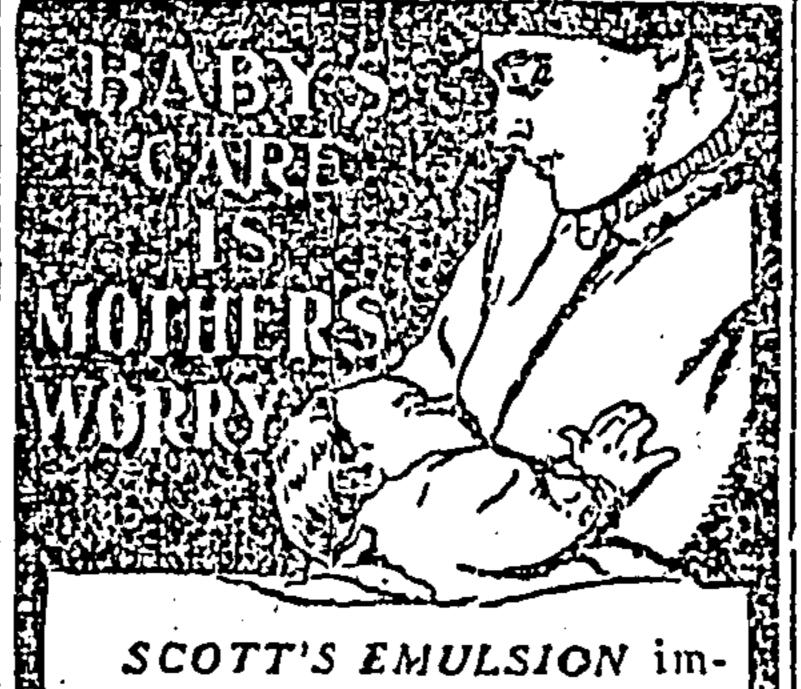

The trouble with the Negroes is that they cannot get over the idea Being a congressman at large, the that a statute or a court decision can Chicago News thinks, means some-make them the equals of whites in all respects, social as well as political. A This dream of social equality is largely due to the teachings and examples of that class of white men called "carpet-baggers," directly after this beautiful weather is going to the close of the Civil War when Negroes were encouraged to associate upon terms of equality with the white class then in power in the After reading a hundred plays upon | Southern States, and they have never, lated Volturno we felicitate our-though the men composing the party as earnestly as do any others, but they recognize that a mistake was made in giving the Negro a political right which he was not then capable of exercising properly. - The better and more intelligent Negroes of today

should not be so much interested in securing social equality as in making of themselves and their race industrious, sober, self-sustaining men ment of the Negro along moral, intellectual and industrial lines. These, with such leaders as Booker T. Wash ington, head of the Tuskegee College, and J. C. Blackshear, head of 'rairie' View Normal and Industrial College of Texas, are working along the right line and their work is constantly demonstrating its usefulness to the Negro race. It is along this line, only, that Negroes' can expect worthy of.

As to social recognition, the sooner they get the idea out of their heads the better it will be for them. Neither a statutory law nor a court decision can come any nearer giving a Negro social equality with whites than it could come to changing the color of his skin, and the sooner the entir race learns this fact and comes along different lines, the more rapid will the race advance and the more harmonious will be its relationship with the whites .-- San Antonio Ex-
